

GC COMPOSITE COURSE

The easy and modern approach for direct composite restorations in anterior and posterior teeth

DAY 1 - Monday - September 01st, 2025

08:45 **Welcome at the training Center**

09:00 **Lecture**

Overview on aesthetic anterior composites: light behaviour, colour determination, layering strategies, finishing & polishing.

10:30 **Coffee break**

11:00 **Demo & hands-on**

How to bring a tooth back to life by using a simplified layering technique with only inside and outside shades in a **Class IV**

13:00 **Lunch**

13:45 Continuation of the previous exercise with focus on **finishing and polishing**

15:00 **Coffee break**

15:30 **Demo & hands-on**

Peg lateral: how to recreate the emergence profile needed for peg laterals and diastema closing cases

17:00 **End of day 1 and departure to the hotel**

GC COMPOSITE COURSE

The easy and modern approach for direct composite restorations in anterior and posterior teeth

DAY 2 - Tuesday - September 02nd , 2025

- 08:45** **Welcome at the GC Europe Campus**
- 09:00** **Demo & hands-on**
Continuation of the previous exercise with focus on **anatomy and morphology**
- 10:30** **Coffee break**
- 11:00** Extending the limits of a **CI II** restoration with a high filled and a fibre reinforced composites
- 12:00** **Lunch**
- 12:45** **Lecture**
Injection Moulding Technique (IMT): Easy aesthetic, predictable outcome
- 14:00** **Coffee break**
- 14:45** **Demo & hands-on**
Treating posterior **tooth wear** with **IMT**
- 15:45** **Closing and certificates**
- 16:00** **End of the course**

MASTER TRAINING COURSE

Given by

Dr. SIMONE MORETTO

Dr. Simone Moretto graduated in Dentistry from State University of Campinas in Brazil.

Afterwards, she obtained the titles of Specialist, Master and PhD in Restorative Dentistry at the Sao Paulo University, Brazil, building part of her education at BIOMAT Research Cluster – Catholic University of Leuven, Belgium.

As a researcher she developed a sound scientific background with papers published in peer reviewed journals and presentation in several International Congresses.

With 14 years of clinical experience and a solid academic formation, she built up a long-term expertise which supported her when lecturing in courses of Continuing Education and teaching as an Associate Professor at Ibirapuera University in Brazil.

She joined GC Europe N.V. as a Technical & Training Manager completing the existing team of experts, and contributing to GC training courses with a well-balanced clinical and scientific approach.
